Kimble works hard to preserve precious landfill capacity by recycling nearly 350,000 pounds of post-consumer waste EACH DAY! We are excited to enhance the curbside collection program for the residents of Marshallville. We encourage participation in this program which provides residents a convenient way to help the environment.

Recyclables will be collected EVERY-OTHER-WEEK by a separate recycling truck. Simply place your recycling tote next to your trash items on collection day. Leave three feet of space between recycling tote and other objects, with lid opening facing the street.

To assist you, the recycling pickup schedule is shown above. All recyclables collected in the Village will be taken to the Kimble Recycling facility to be processed, segregated and returned to market. Thank you for helping make Marshallville's recycling program a success.
